

TESTIMONIAL

ASTHMA / SKIN IMPROVEMENT

2004

To Roseanne & Mark,

Since taking delivery of my Sunlight sauna which I use frequently I cannot believe the condition of my skin whereby people actually comment on my skin condition and clarity. Whenever I am feeling lethargic or out of sorts after using the sauna for 30 minutes I feel revitalised and find it gives you a great sense of well being.

I have experienced a marked improvement in my bronchial/asthma and if I feel a sore throat or cold coming on, after using my Sunlight sauna notice that the glands in the throat go down and I do not end up with a cold or flu.

My parents are in their eighties and use the sauna on a regular basis and notice that skin lacerations (which they receive whilst gardening etc) heal quickly and that scar tissue is at a minimum.

My friends use the sauna and one friend, in particular, a Vietnam veteran who has experienced chemical exposure, during his years of service in the defence force, has a visual improvement in his complexion and his disposition after using the sauna.

Another girlfriend with severe psoriasis has had a remarkable improvement in her skin condition with only a few treatments in the sauna.

I am delighted with my investment and enjoy the benefits my Sunlight Sauna gives to me, my family and friends. I love this product and would highly recommend it anyone interested in their wellbeing.
