

TESTIMONIAL

IMPROVED COUGH

8 June 2006

Hi Roseanne
Hi Sandy

Thank you for the courtesy show to me on my visits to your premises 2 weeks ago, I really enjoyed the experience and my cough disappeared soon afterwards.

I did however find myself spending more time talking to people about the benefits of a Sunlight Sauna than I did on Hyperbaric Worx. So I thought I better write you a Testimonial in the hope that I can get back to my main focus which is Hyperbaric Oxygen therapy.

I was recommended to Sunlight Saunas by a work college who did not want to catch my very loud cough that had been interrupting their work & keeping me awake at night. It was explained to me that the far infrared Saunas work completely differently to the saunas I was familiar with, and that there had been great results in stopping flu symptoms in their tracks. My first impression was that this is the most attractive sauna I have been in, but thought it must not be plugged in because it was nowhere near hot enough to get me sweating. My second impression was, I have never sweated so much in my entire life, or felt so invigorated after a Sauna. My cough disappeared that night, and after my second visit I felt I was back to 100%. Thank you to the team at Sunlight Saunas. I now know what I want for Christmas.

We will be having our opening in the next couple of weeks, so I will send you an invitation as soon as we finalise the dates.

Regards

Phil Casey
